"The Store Where Quality Counts"

Spring Wash Fabrics Are Very Lovely

Just to see our display of Wash Fabrics for spring is an inspiration to the woman who is planning new gowns. The quality, the designs, the colorings, the new fabric effects, are a revelation of the resources of the American manufacturer. Voiles, Foulards, Tussahs, Pongees, and Crepes will be chiefly used because of their unusual beauty of design and coloring, and because of the introduction of so many smart novelties.

NEW PRINTED VOILES, latest spring novelties, in floral and conventional designs, 40 inches wide, 39c per yard

NEW COLORED VOILES, newest spring shades, such as Rookie, Marine Corps, Bridal Gray, Coral and 45c

PRINTED TUSSAH AND PONGEE, new half-silk fabric in neat floral and foulard effects, 30 and 36 75c inches wide, per yard

JACQUARD PONGEE, a beautiful half-silk fabric for dresses, skirts and sport apparel; shades are Coral, Blue, Peach, Tan and Gray; 36 inches wide; this, per 98c

Women's Spring Frocks

Gowns are made upon simple lines. Beauty and distinction must come from the fabric. We had this in mind when choosing our dresses.

Color can lend distinction-so can quality, also design. If these are wrong, nothing can make the dress right. They are not wrong here. A most beautiful collection of Taffeta and Satin Dresses-featured in attractive, up-to-the-minute styles-invite immediate selection at such moderate pricings as,

Because of the delay incident to get-ting under way last fall, when the state-wide infantile paralysis quarantine af-fected the re-opening of many schools, Goddard seminary faculty and students are to forego their annual spring vacation, according to an announcement given out at the school to-day. The extra time thereby gained will enable the school to hold its June commencement at the usual time, an arrangement which his parents at the Shurtleff place. has been warmly commended by many of those concerned. The commencement week exercises will begin June 21.
